HB Tenpin Bowling Foundation

2017 THE YEAR OF CHANGE

On the 8th May the Centre will close for three weeks to allow the installation of synthetic overlays and for a major upgrade of the back end equipment,

The lanes will then be sanctioned by TBNZ meaning that the Centre will be eligible to hold National tournaments and any records will be recognised...eg 300 games.

The synthetic lanes will be as good as any in the country and have already attracted out of town bowlers to indicate that they will be bowling in this year's HB Championships.

This a huge investment and the Centre asks for your patience during the renovations.

League bowlers are asked to pre bowl all league games which would have taken place in the three week period. Please do not leave this until the last few days and also ring

to book your lanes, indicating that you are doing a prebowl.

SCORING SYSTEM FURTHER UPGRADE

League standing sheets are now updated as soon as the league has finished.

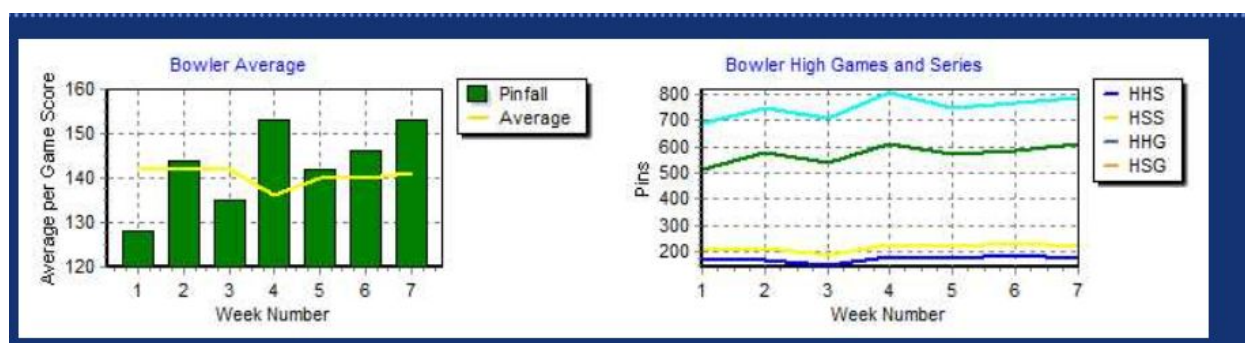

They have more information and are easier to read.

Have a look at the link on the Superstrike website www.superstrikehastings.co.nz

You can see the result of all your league games

Under your player name you can see details of each game bowled and graphs of your weekly game average

Applying for Grants

The trustees have now established a set of criteria to be used when considering grant applications.

- All applications must be received at least three months in advance of when the funds are required.
- An individual may only make one grant application during a 12 month period.
- Groups can only make one application in a 12 month period.
- In special circumstances the trustees may make a grant to an individual as being part of a group. That decision will depend on availability of external grants.
